MESSAGE ON AMERICAN MERCENARIES ATROCITIES

DEMOCRATIC REPUBLIC OF EAST TIMOR -- FRETILIN -- DEPARTMENT OF INFORMATION AND NATIONAL SECURITY

MESSAGE TO OUTSIDE WORLD (addresses listed)

TITLE: AMERICAN MILITARY ADVISERS COMMITTING ATROCITIES IN EAST TIMOR

Heavy fighting are developing all over East Timor . American military advisers and mercenaries are continually openly taking part in Indonesian murdering aggression on East Timor . American military advisers have also been conducting Indonesian military offensives in helicopters. On July 5, Fretilin revolutionary forces have seen one helicopter landing on KAITASSO mountain, in Remexio area, to land one American military adviser . Later on , population escaped from enemy's bloody hands with deep indignation they stated that American military advisers and mercenaries are also very barbarous .

On July 5 and 6, enemy have strongly shelled with mortar fire and from warships in Remexio area in Fatubutix supported by aerial bombs, killing about 300 elements mostly children. Despite the massacres the glorious Falantil and populations heroically fighting with high morale and determination.

Since June 11 up to date, Fretilin forces have killed already over 600 Suharto troops in Remexio areas and captured several automatic rifles,ammunition, mortar grenades and lots of war equipments. These materials are all of American brand .

Carter administration of human rights is genuinely demagogic unmasked to exploit oppress dominate and massacre the peoples loving peace and progress,

Independence or death ! To resist is to win ! Victory is certain and inevitable and is only a matter of time ! Armed struggle continues !
Down with imperialism ! Down with Indonesian colonial expansionism !
Long live Fretilin ! Long live internationalist militancy !
Revolutionary and fraternal greetings, high considerations
DRET, 10/7/78 . Signed Comrade Alarico Jorge Fernandes, secretary of DINS of Fretilin CC and Minister for Information add National Security in the Revolutionary Government of the DRET.

Minister Alarico Fernandes added the following comments: "The American military advisers and mercenaries are using Indonesian uniforms with red berets ...They(Fretilin troops) heard the Indonesian troops call the American advisers 'general' its very funny and we'll check on that ... We heard on Radio Australia that the Suharto planes are bombing close to the border of PNG. They should be worried about that because one day Suharto will bomb Port Moresby..."

MINISTER ALARICO FERNANDES GIVES MORE
DETAILS ON AMERICAN MILITARY ADVISERS

In a message to the Campaign for Independent East Timor in Darwin on July 13, Minister Alarico Fernandes made the following comments :

"American military advisers went from Dili to Aileu some by helicopters and mercenaries and military advisers by land in special trucks ...Military advisers were at Farol (Dili) and now as last report they are conducting the Indonesian offensives and massacres by (from?) helicopters ,landing in the strategic points that Suharto's troops have occupied . American mercenaries were seen ,largely seen, in January and February last from Dili to Aileu in a column of tanks(or trucks?). Also they are in Aileu and in Laklubar , (where) American military advisers and other techniques(technicians?) are training Javanese soldiers and (btutalising) the captured civilian population.

"IT's a little .. in Dili,Aileu and Laklubar and possibly in Bessilau(or Baucau?) we estimated more or less .. it's difficult to say the number .. but maybe over ten American military advisers. "

TITLE: SUHARTO'S GENOCIDE IN EAST TIMOR DIRECTLY BACKED BY YANKEE IMPERIALISTS

Fierce fighting are continuing all over the country. Fretilin revolutionary forces have been heroically resisting against Suharto's murdering troops' and American mercenaries and military advisers' strong offensives. Confirmed reports tell that AILEU and LAKLUBAR village are actually two main Indonesian military training centres where American military advisers have been operating. American military advisers have also been conducting the barbarous campaign of encirclement and annihilation over Fretilin by helicopters. The escaped captured population has reported that the majority of the captured population have been executed and the old one and the sick systematically shot dead by Suharto's troops.

The slaughterer Suharto has scheduled his visit to East Timor on July 17 to assess in loco the genocide under his responsibility.As a puppet without scruples, the butcher Suharto is repeating in East Timor the genocide carried out in Indonesian in 1965 in which over two million Indonesian patriots have been murdered.

Five Australian newsmen assassinated by Suharto's troops in East Timor. The puppet CHICO LOPES has sadistically affirmed to the radio that " the Australian newsmen have been sent to the river by Indonesian troops, and that was a warning to all Australians that it was not the war against the Japanese."

Despite all suffering and bloddshed already tolerated, the heroic Maubere people will fight with more determination till the final victory towards freedom,peace and progress.

Independence or death! To resist is to win ! The victory is certain and only a matter of time ! The Struggle continues ! Down with Imperialism ! Down with the Javanese colonial expansionists ! Long live the anti-imperialist militant solidarity ! Long live Fretilin !
Revolutionary and fraternal greetings,High Considerations, East Timor 15/7/78

Transcript of English language section of Radio Maubere, July 16 1978
Read by Minister Alarico Fernandes : (major extracts) :
"Hello comrades of CIET around Australia and particularly in the listening post Darwin and to all comrades and listeners around the world..... All over East Timor the heroic Maubere people are on full alert and ready to kill the big snake called Suharto.The slaughterer Suharto, one of the most obeddient dogs of the Yankee imperialists , greatly wishes to mislead world public opinion that the so-called stability in East Timor is already a real fact . The stubborn Suharto does not stop telling shameful lies and barking the same old story that East Timor is already integrated to Indonesia. The butcher Suharto and his running dogs affirm many times that Fretilin no longer exists , but on the contrary they are reinforcing East Timor with more troops , American military advisers and mercenaries as well. On the other side, American military aid to the Jakarta Government is being largely used in East Timor against Fretilin. On last May Walter Mondale has pledged in Jakarta more American military aid to the puppet Suharto government, when of course, the Indonesian generals for dissent(?) the war in East Timor were desperately doubting to achieve the military victory over Fretilin. Shortly after Mondale military offering to the puppet Suharto ,American military advisers and mercenaries began operating openly in East Timor,shoulder to shoulder with the murdering Suharto troops, massacring East Timorese people.

However, Carter Administration propaganda of human rights is demagogically continuing around the world . Certainly that for (???) the safeguard of human rights is denial of freedom, peace and progress . Of course means bloodshed, oppression, domination and exploitation. On full contrast, with Carter Administration's propaganda of human rights,American military advisers and mercenaries are (on spot ?) committing and conducting barbarities on the people of East Timor to campaigns of encirclement and annihilation against Fretilin as already denounced . Furthermore, American military aid Suharto is being used in East Timor .Fretilin revolutionary forces have captured a great deal of American war materials from the enemy's hands . We denounce that and other important things : here is the American armaments, aircraft ,largely used in East Timor by Suharto's troops , American military advisers and mercenaries : fusil 16A I calibre 5 .6. mm code: Spokane(?) firearms MSG .30 (??) .Another : fusil code: AR-15 calibre 5.56 mm code Spartan(??) firearms MSG.30 . (??) TONN(?) USA.Property ta of US Government M/16AI .Fusil MU2 FP-1 Calibre 7.62 /51 (??) USA Fusil M-14 7.52 mm USA. Hand grenades of USA ,Mortar grenades 3.8E MI 3/YU-LOT 8 /61 USA. Automatic pistols 9 mm USA. Browning automatic rifle USA calibre 30 mm 1918A No.2 SASFT (?) by (??) small arms corp .RIA 60051 Patent applied for.
Now concernin helicopters aircraft tanks armoured cars and trucks : helicopters: UH-1/1.USA. CH-47/3/.5 tonnes(??) (tape changeover --some missing). armoured cars USA brand US Army.trucks: TST(?) USA . Suharto and his runnigg dogs will never conquer East Timor. Hairpulling Suharto desperately wants to visit Dili. The butcher Suharto is aware that all(??) have died in East Timor .Why has the slaughterer Suharto sent to East Timor 15,000 soldiers ,15,000 men to safeguard his visit to East Timor.Certainly because Suharto enjoys great popularity in East Timor ! He should not forget that the tiger of Malaya has also found in East Timor what he never expected . ! The heroic Maubere people have forced the with drawal of the shameful Portuguese colonialists from East Timor.The same determination will kick out from the DRET the Javanese colonialists..The heroic Maubere people will continue fighting to final victory... East Timor is still scene of murdering war carried out by the murdering Suharto and American military advisers and mercenaries (reads communique of 15/7/78) (farewell greetings)...

DEPARTMENT OF INFORMATION AND NATIONAL SECURITY

Bronco OV-10 aircraft supplied by the United States of America to the corrupt Jakarta Government have been intensely and murderously bombarding and machine-gunning the East Timorese people , killing, massacring, destroying and mowing down everything . American aircraft Bronco OV-10 operated by American and Javanese pilots are murdering the East Timorese population in defence the Human Rights according to Jimmy Carter ,American President, propaganda! On the other side, American military advisers and mercenaries , despite the continual denouncing are killing in the DRET ,murderously operating shoulder to shoulder with the puppet Javanese. This is another crime of Jimmy Carter by which he has no right to talk on "human rights".
